

June 6, 2017

Dear Parents and Seniors,

Nevada Union High School is pleased to have contracted with three local photographers:

- **Ivy Photography 272-2480**
- **Photo Hi Photography 432-0163**
- **Shaffers Originals 273-4106**

To insure that a portrait is included in the senior section of our yearbook, “The Prospector”, please contact one of the above photographers to arrange to have a portrait taken by October 31, 2017.

- **Individual yearbook pictures can be taken for as little as \$5.00.** Using a contract photographer will insure uniformity in the senior section of the yearbook; however, if a student is unable to do so, his or her student ID photograph may be used.

It is important to adhere to the Nevada Union dress code. If a student is uncertain of the dress code, the photographers have copies on hand. In short, for the yearbook, please, **no hats, strapless tops, t-shirts with inappropriate words, or cleavage showing.**

We have selected these photographers based on their professionalism, business reputation in the community, quality of work, and continuous support of Nevada Union and The Prospector. Aside from taking senior portraits, these photographers donate their time and expertise to photograph significant events, such as homecoming, sporting events, and formal dances then submit them for use by the yearbook staff.

Any other photographer may be used for personal portraits, but one of the contracted photographers must be used for a yearbook portrait.

If for any reason you are dissatisfied with the work of one of the contracted photographers, please try to rectify the problem with the photographer involved.

Beginning in July, please call one of the yearbook photographers to make an appointment so that you will be able to have your yearbook portrait taken prior to the October 31st deadline.

Sincerely,

Pete Totoonchie
Activities Director
