

Walkathon - Application for Funds

Name of Applicant: Scott Mikal

Department or Program Affiliation: NU CTE (Auto, Woods, Design & Engineering

Pathway_

Date: 09/14/16

Awards for the 2015-16 school year will be of a maximum amount of \$500 per recipient based on the funds generated by this year's event.

1. Describe the project for which you would like to request Walkathon funding.

I would like to request funding for a bus to transport students to Sierra College CTE Day, October 7th. It looks this bus will cost around \$400 to Rocklin for the day. The number of students in these CTE classes is approximately 240, so we should be able to easily fill this bus between the three programs.

2. How will this funding help in the pursuit of our School Site Goals? Specifically, what School Site Goal(s) will be addressed? (see attached)

Exposing our students to CTE options at the local community college connects directly with Goal 3 – surrounding CTE Pathways, College and Career Readiness, and post-secondary options. Learning about options help students establish goals, articulate four year plans and apply themselves to what they are doing in school as they see a direct connection between high school and the next step.

3. What amount of funds are you requesting? Detail how these funds will be spent, including the total cost of the project and other sources of funding that have been explored.

Approximately \$400. I have applied for a specific quote from Durham.

4. Has the project received administrative approval?

Not yet. I have not submitted field trip forms as the reis request hinges on transportation funding.

Administrative Support: _____

(signature)

yes no
(circle one)

For use by the School Site Council

Funding Approved Denied _____

School Site Council Goals

2015-2016

1. Increase proficiency rates on CAHSEE census test for all students and subgroups.
2. Further develop and clarify departmental learning outcomes based on the CCSS and improve consistency and integration of instruction across the curriculum.
3. Establish NU as a school of excellence, offering personalized learning opportunities with clear pathways to college and careers:
 - Increase options with further development of UC A-G course offerings.
 - Enhance and develop CTE courses and career pathways.
4. All students will experience a supportive and safe learning environment by improving the culture and climate of the school.
5. Improve overall technology by:
 - Increasing the use of technology by students to prepare them for post-graduation, research and communication.
 - Increasing the availability and use of a variety of technological tools used for instruction in the classroom.
 - Increasing the use of our school website.
6. Provide a variety of venues for communication among the school community by:
 - Improving avenues of communication between administration, students, staff and community
 - promoting greater administrative presence
 - designing opportunities for parents to become involved and aware of NUHS systems in place
7. Develop site facility "project list" for beautification, improvement, and upgrades for integration with District facilities plan.
