4. REPORTS

A. Students: Maddie Chapman/McKensie: going well She is utilizing Minga to connect school community. All clubs have their own Minga. Spirit points are going well. Students are engaging around flag football and other things. Jimmy Griffin stated that Minga is a good tool for student interaction and events. Luke mentioned that Minga is a good tool for adding detention passes. Students stated a concern

B. Principal report (non-action): Kelly Rhoden: Great start to the school year. Lots of kids appear to be engaged. Kids appear to be respectful even during a challenge. There is a positive feel. Positive family and community feel as well.

C. WASC (Western Association of Schools and Colleges - non-action item) Kelly Rhoden will update on WASC. There is a doc that can be viewed.

  - a. Chair: Mackenzie Rlst
  - b. Co-Chair: Kelsie Anderson
  - c. Secretary: Jen Avara
  - d. Parliamentarian: James "Jimmy" Griffin

- B. Safety Plan Presentation: Luke Browning, Assistant Principal: Safety is the number one priority. Every school safety plan must be adopted. Students and staff are included in the model. Other schools are now wanting to copy our model. All admin is trained by ICS 100.

Live info is being sent out during a fire alarm. Catapult has been helpful getting info to staff and from staff to admin. Staff are encouraged to make human decisions during an emergency. Raptor check in is also helpful. Multiple sexual predators identified and stopped at the office last year. Campus supervisors (4) have been connecting with students. They also communicate with parents. They are proact trained. Very trained for crisis. Minga, cell phone policy, online handbook, schoology courses online, and CHP training are all added resources. See Something Say something QR codes for communicating a concern anonymously and to report suspicious activity on campus. Key point: clear communication/training/visiting admin/

Plan Wins / Losses: Win: quick response time/organized/Narcan and how to administer/ Chain of command/Nice to see the "entire plan" /the district and la enforcement is also alerted on Catapult/ all students get the same level of training for emergencies. Losses: Sink hole / A lot of information in each plan / Issue with ability to alert some areas of the campus do not hear the fire alarm / reunification? / no full campus map with all classrooms labeled/subs trained on catapult (they have been trained)./ People are on campus walking dogs/ Only small signage of private property at the upper lot by Ag/

Extra info: The committee pushed very hard to get Catapult launched/Multiple people trained in case someone is missing during the safety team/ What does a crisis center look like? Mental health has been increased. We now have the wellness center. In the wellness center- they will have a place. We can also let admin know if there is a situation happen that we hear about where students may need added supports. Out of school events ex. graduation, off campus dance etc (Luke puts together a safety plan for that specific event).

(Voting Item) Katie Alling: I move to approve the safety plan with a recommendation to be taken to management meetin tht there are needs to be funded o make it viable. For example, alarm repairs and bullhorns. Second: Kelsie Anderson
