How are the School Climate Indicators Calculated?

The school climate indicators provide school-level descriptions of several factors that are known to influence learning success in schools.

Most of the subdomain scores are calculated by averaging the percentage of respondents who report the top two response categories on the survey items that comprise each scale. For example, “School Connectedness,” “Academic Motivation,” “Promotion of Parental Involvement,” and “Facilities Upkeep” are computed by averaging the percentage of respondents who report “Agree” or “Strongly agree” on the survey items that comprise the scale; “Caring Adult Relationships,” “High Expectations,” and “Meaningful Participation” are calculated by averaging the percentage of respondents who report “Pretty much true” or “Very much true” on the survey items that comprise the scale; and “Perceived School Safety” is measured by the percentage of students who report that they feel “Safe” or “Very safe” at school.

“Two or Fewer Absences per Month” – a measure of low chronic absenteeism – is measured by the percentage of students who report missing two or fewer days of school in the month prior to the survey. “Low Violence Victimization,” “No Harassment,” “No Mean Rumors,” and “No Fear of Getting Beaten Up” represent the percentage of students who reported not being victimized.

A value of 60 on the “School Connectedness” indicator, for example, means that on average, students report “Agree” or “Strongly agree” on three of the five “School Connectedness” survey items.

All subdomains and survey items that comprise the scales/measures are listed below.

(1) School Connectedness (5 items)

- o I feel close to people at/from this school.
- o I am happy with/to be at this school.
- o I feel like I am part of this school.

Results are based on responses from 9th and 11th grade students on the California Healthy Kids Survey. Results are not included if less than 50% of students or less than 15 respondents per grade provided data.

For the 2020-21 school year, results on student indicators that are only applicable to the In-school or Hybrid instructional models are reported if at least 10% of the respondents have indicated that they attended school in person or participated in hybrid classes. These results should be interpreted cautiously if few students attended school in person when the survey was administered.

Further information about the methodology used to construct the school climate indicators can be obtained by contacting Cindy Zheng at 562-799-5481 or czheng@wested.org.

State Averages

State averages are based on responses from 9th and 11th grade students who provided data on the Biennial State California Healthy Kids Survey during the 2019-2020 and 2020-2021 school years.

The state average for questions about experiences in school buildings – including questions about school connectedness, school violence, victimization, school safety, and substance use in school – were not available because students attending school remotely could not answer these questions in the 2020-21 school year.

Explanation of Other Indicators

Results are provided on selected key student-reported school climate items as a complement to the school climate indicators.

Student-reported school climate measures and their sources are described below.

Selected Student-Reported School Climate Measures (CHKS)

- Try hard on school work – “agree” or “strongly agree” that I try hard to make sure I am good at school work.
- Three or more absences per month – missed school on three or more days in the past 30 days.
- Feel a part of the school – “agree” or “strongly agree” that I am a part of this school.
- School is really boring – agree that school is really boring (rating of 7 or higher on a 0–10 scale).
- School is worthless and a waste of time – agree that school is worthless and a waste of time (rating of 7 or higher on a 0–10 scale).
- Harassed or bullied at school – harassed or bullied on school property in the past 12 months for any of the following reasons: (a) race, ethnicity, or national origin; (b) religion; (c) gender; (d) you are gay, lesbian, or bisexual or someone thought you were; (e) a physical or mental disability; (f) you are an immigrant or someone thought you were; (g) any other reason.
- Parents feel welcome to participate at this school – “agree” or “strongly agree” that parents feel welcome to participate at this school.
- School is usually clean and tidy – “agree” or “strongly agree” that school is usually clean and tidy.
- Experienced chronic sadness/hopelessness – felt sad or hopeless almost every day for two weeks or more during the past 12 months.
