MINER FOCUS FOR THE WEEK: CHROMEBOOKS

There were several announcements this past week to remind all students to bring their Chromebooks charged and ready to work every day. The Chromebook is your tool to find the resources for your classes, grades, email, and attendance. The tip for the week is to plug your Chromebook in when you charge your cell phone at night so you are prepared to learn every day. We will not be checking out Chromebooks from the library unless you have a faulty Chromebook that is being repaired.
