### **TEACHERS WHO MAKE A DIFFERENCE:**

Two of our very own teachers who make a difference on our campus and with students were honored April 7th by ASCA. This year we are happy to announce the recipients of this award goes to:

#### **KELLI MORRIS:**

Kelli has shown an incredible dedication to her students through the development of the new culinary space on campus and the opening of the MINER DINER! She has spent countless hours planning, training, and learning for the betterment of her students. Culinary is the most requested elective on our campus and Kelli is a huge part of that success. I am proud to have Kelli Morris as part of our Miner team. The contribution she has made to the positive culture on our campus makes her A Teacher Who Makes a Difference. Thank you, Kelli.

## **KELLY GOOD:**

Kelly has taken on the role as our On Campus Intervention teacher this year, but with this responsibility, she has taken on so much more. OCI is set up to work with some of our most challenging students and I can't think of a better person to have in this role than Kelly Good. She sets high expectations for her students and has created an environment in her room to not only hold students accountable for their actions, but to also help educate and engage them in work that they would not have done otherwise. Kelly does this with passion and care for every student she interacts with. She listens, understands, and has compassion for students to let them know she cares. Kelly is a relationship builder with both students and staff. Her commitment to creating a positive environment on our campus and making OCI successful has made an extraordinary impact and difference at our school. Kelly Good is certainly a Teacher Who Makes a Difference. Thank you, Kelly.
