Student Update

Updates for Friday:

School is in Session
Zoom Check-In Meeting will Resume

I hope most, if not all, families that have been evacuated have made it home safe and sound. Thank you to all the Fire Fighters and Emergency Response Teams for all the hard work in protecting our homes and community. Thank you all for your patience as we support our community in these difficult times. Nevada Union High School will be back up and running tomorrow.

We will continue with our Student Orientation Check-ins by class, Friday, August 21, 2020, 8:30-9:30 am. Students will follow the original scheduled Zoom Check-in that was scheduled for Friday. I will also send the link to each class Zoom meeting to student emails. The website has been updated to reflect the Zoom check in meetings for each class.

- Go to www.numiners.com
- Click on the “Activities” tab
- Click on the “Grade Level Activities and Information” tab
- Select the correct grade level to check-in for Attendance to your Orientation Zoom meeting

Textbooks and Chromebooks: Handout will resume on Friday, August 21, 2020, with our Seniors.

Juniors: Textbook/Chromebook pick up day that was missed will be moved to Monday, August 24, 2020.

All grade levels: Tuesday/Wednesday (August 25-26, 2020) we will continue to distribute materials as needed from J207.

Textbook/Chromebook pickup procedure: We will again ask students and families to drive to the Wrestling Gym lot and stay in their vehicles. We will have staff directing 3 students at a time to the J207 textbook room with masks to pick up their supplies. This way we will be able to keep everyone safe, people can stay in air conditioned.
As a reminder, if a student does not have a Chromebook, please make sure you come pick one up Friday so we can get you connected. Know that we will continue over the next couple of weeks to get each student the textbooks they need. You will not need these on the first couple of days of school so if you cannot make it to the school at this point know that we will continue to schedule days for distribution.
