- Zoom links can be found in student assigned classes through Schoology.
- For attendance purposes, students must log in to their zoom meetings by assigned class period for the allotted time.
- Students entering class 3 minutes after the start of class will be marked tardy.
  - Email your teacher if you are struggling to enter the class meeting or if you get marked truant due to technology struggles.
- Students that do not log into their accounts will be marked absent.
  - There are students we are aware of that have connectivity issues. We are working with these students individually.
- All attendance issues that are due to technology must be cleared through your teachers.
- Teachers may ask students to turn on their video in order to take attendance (if this is a problem email the teacher)

**Students are expected to follow all school rules while attending classes through a zoom meeting.**

- The dress code must be followed at all times.
- Backgrounds must be appropriate at all times. It is recommended that students background project a blank wall whenever possible. (We are working on a standard background for all students that will work with our Chromebooks and occur automatically until then all backgrounds need to be school appropriate).
- Example: Students should not have foul language on their screens or backgrounds, the confederate flag should not be seen in the background, inappropriate pictures/posters should not be on display, etc.

Internet use agreements have been signed by all students and families upon registration and all rules are expected to be followed in order to have access to the classrooms through technology. If any of the above becomes a problem teachers and administrators will be in contact.
