To: Nevada Union High School Freshmen Class of 2027

The 2023/2024 student enrollment and class registration at Nevada Union is now open! Student enrollment is online only at [numiners.com / records / enrollment / incoming freshman enrollment 2023/2024](https://numiners.com/records/enrollment/incoming-freshman-enrollment-2023-2024).

Step 1: Student enrollment is online only. Students need to be registered (enrolled) in order for counselors to request classes. Please complete this process as soon as possible. The first round of scheduling meetings are happening with the Counselors now through February 18th. Make sure to enroll your student as early as possible to help ensure that preferred classes are available!

Step 2: Sign up for an appointment with your counselor to select courses. Families will schedule 15-minute meetings with counselors to schedule classes for next year and discuss your student's Individual Academic Plan (IAP). Counselor meetings are held either virtually or by phone (students are highly encouraged to attend the meeting).

Scan the QR code or click the link that corresponds to your student's last name below to see available appointment times and reserve your spot:

Step 3: In order to make informed choices for your course requests for next year, we have various tools to assist you! Our [Incoming Freshman Video](#) is a presentation narrated by the Nevada Union Counselors that discuss classes, 4-year planning, and essential information that will help you as you transition to becoming a high school student at Nevada Union.

Our [Course Previews](#) are now available virtually! Course preview videos were created by teachers that describe and outline their courses. We encourage you to check out all the videos for the classes you are interested in to help you make thoughtful choices for next year. To access the course preview videos click the Counseling tab on the [Nevada Union Website](#). From the [Counseling Homepage](#), click the Scheduling tab, then scroll down to [Course Preview Videos](#).

You can find written descriptions of all our classes in the [Course Catalog](#). From the [Counseling Homepage](#), click on the Course Catalog tab at the top of the page.

The last tool to assist you is a [course selection sheet](#). This outlines classes that are available to you as a freshman at Nevada Union.

Step 4: Students will not be enrolled unless an immunization record is presented and immunizations are up-to-date. If your student is not immunized due to medical reasons, please notify us as soon as possible so we can assure proper documentation is in place to avoid issues with enrollment. We can't wait to meet everyone!

GO...MINERS!
